DEPARTMENT OF MANPOWER AND IMMIGRATION
CANADA MANPOWER DIVISION

MINISTÈRE DE LA MAIN-D'OEUVRE ET DE L'IMMIGRATION
DIVISION DE LA MAIN-D'OEUVRE DU CANADA

The Department of Manpower and Immigration is co-operating with Canadian University Service Overseas in servicing their volunteers as they return to Canada.

This booklet contains the résumés of a number of volunteers who will have completed their commitment to CUSO in the near future.

CUSO volunteers constitute a rather unique group of young Canadians. Those selected must have initiative, flexibility, adaptability, devotion to duty and a high tolerance level. Their professional or technical qualifications are carefully examined. As they often must work without the use of modern equipment, their job skills are called upon to the utmost.

Please contact your nearest Canada Manpower Centre if you are interested in any of these volunteers and would like to obtain more information about them.

Le ministère de la Main-d'oeuvre et de l'Immigration aide le Service Universitaire canadien outre-mer à s'occuper de ses volontaires qui rentrent au pays.

Cette brochure contient les notices biographiques d'un certain nombre de volontaires qui reviendront bientôt au pays après avoir terminer leur mission avec SUCO.

Les volontaires du SUCO forment un groupe de jeunes Canadiens plutôt exceptionnel, car ils ont été choisis pour leur initiative, leur souplesse, leur adaptabilité, leur zèle et leur grande tolérance. Leur compétence professionnelle et technique est examinée à la loupe. Comme ils doivent souvent travailler sans l'aide des appareils modernes, il leur faut posséder à fond leur métier.

Veuillez communiquer avec le Centre de Main-d'oeuvre du Canada le plus proche si l'un de ces volontaires vous intéresse et si vous désirez de plus amples renseignements.
